New Facility Occupied at Christmas 2021

We recently moved into a beautiful 40,000 sq. ft. first phase campus on the east edge of Pryor. We are beyond thrilled to work in such a beautiful environment and to serve a people who love to engage in worship. This is an exciting season of growth for FCOG!

live LIKE JESUS love

We live like Jesus so we can love like Jesus. Jesus said that, if we'd abide in Him, we'd bear much fruit and learn to love one another well. As we adopt the kinds of formational habits we see modeled and taught by Jesus, we trust that His Spirit will increasingly equip us to love as He loves. Our staff help lead in practicing our faith with intentionality.

WE ARE LOOKING FOR PEOPLE ON OUR TEAM WHO:

1

Aren't perfect, but are continually growing.

2

Aren't opposed to going fast and working hard, but know the value of rest and Sabbath.

3

Prioritize God's presence and people before platforms and programs.

4

Honor our rich heritage, but help us continue to progress into the future.

HIGHLY RELATIONAL MINISTRY

Our pastoral team has suggested that as much as asking WWJD?, Pryor pastors should ask, "What Would Andy Do?"

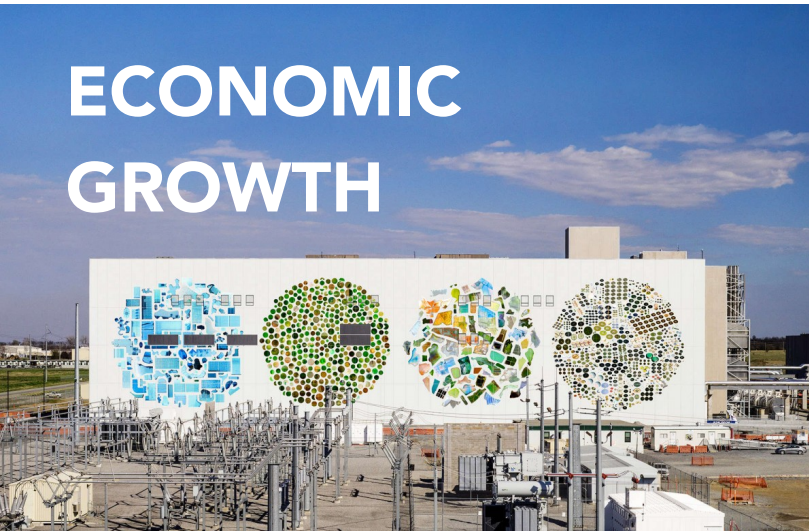

Pryor may not be Mayberry...but it is a smaller community. That means the people you go to church with are the people you see at the ball field, Wal-Mart, your kid's school, and your Taco Tuesday lunch dive. Stopping to have conversation with someone at the grocery store, or pausing to share a cup of coffee with someone is valued in our context. This is an incredible way to do life and ministry, but may not be preferable to everyone. If this level of relational ministry is exciting to you, then FCOG is a great fit.

PRYOR CREEK, OK

Pryor is a town of 10,000 people, and is the county seat of a 40,000+ region. It is a safe, family-friendly community. There is growth potential with new industry, and a vision for downtown revitalization and ongoing improvement. 10 minutes from Lake Hudson, 15 minutes from Claremore, OK (nearest Chick-fil-A :) & 40 minutes from Tulsa.

ECONOMIC GROWTH

The 9,000 acre Mid-America Industrial Park hems in the south edge of Pryor. In recent years, Google has been investing billions of dollars in locating its largest data center in our community's backyard. Other big companies are making plans to locate here and economic growth is being evidenced with new commercial and residential development.

Pryor Schools have a long history of quality education and diverse programming. In recent years, economic growth has allowed Pryor Schools to escape some of the funding strains experienced in OK. State of the art facilities are now being built across the district. A robust after school program, diversity in music and athletic programs, and increased STEM and technology opportunities are available in the first Leader in Me District in the world!

OUR REALITY

We won't sugar coat reality. While there are many great things happening in Pryor, there is a reality of generational poverty in our community. 1 in 5 people are living below the poverty line. We embrace this reality as a congregation, and are continually seeking ways to help bring the hope of the Kingdom to the struggles within our city.
