

Luis Gallo Gonzalez

www.mission24.co.uk

Luis is a Team Evangelist for Mission24.

Biography

Luis was born in Argentina but now lives in the UK and works full time in the Health sector in Wokingham. Luis went through a time of deep and very personal trauma, until he had an encounter with God's saving grace in May 2015. Since that day, his life has radically changed, and he feels compelled to share the love of Jesus with everyone he meets.

Luis graduated from the Mission24 Internship programme in 2019 and has since become an integral part of the team. He is gifted in the prophetic, and in healing and deliverance ministry. As a native Spanish speaker, through his translation services, Luis has been instrumental in seeing hundreds of people give their lives to Christ.

His passion remains to see the lost set free wherever they are, although he has a particular heart for South America and previously unreached locations. However, he can regularly be found out in his local area sharing the good news of Jesus and encouraging other believers to join him in his pursuit to see revival in the UK.
