Joe Shepherdson is the Founder and Director of Restoring Life Ministries and an Associate Evangelist with Mission24.

Biography

Joe is a former drink and drugs addict who served time in prison, after getting involved in ticket touting and football violence. On his release, he was in and out of mental health facilities due to severe depression, but his lifeline came when someone shared the love of Jesus with him and following prayer, he received his healing.

Joe finally found complete freedom through attending a one-year course at Teen Challenge where he gave his heart to Jesus and was healed from the addiction and depression.

His desire quickly grew to help others find that same freedom in Christ, so after completing Bible College in Oxford, he went to work full time for Teen Challenge. It was there that he met his wife Monica and they set up Restoring Life Ministries and an orphanage in Kenya.

Joe spends his time travelling globally and around the UK, helping to equip churches in Evangelism. He is particularly anointed in street outreach, deliverance ministry and moving in the prophetic. Joe now lives in Wembley with his wife and their 3 children Hannah, Samuel and Joshua.
