

Luke Vardy

www.mission24.co.uk

Luke Vardy is the Founder of Ignite Ministries and an Associate Evangelist with Mission24.

Biography

Luke became a Christian in 2002 when he encountered the love and Power of God. Since that time, he founded Ignite Ministries with his wife Nicola and has been passionately pursuing his call to reach the lost and see thousands reached with the Gospel of Jesus Christ.

Luke's heart cry is to see the nations set on fire for God, to see "lives changed from the inside out by the gospel", souls saved, the sick healed and those held captive by addictions and brokenness set free.

His ministry does this by equipping the Church with biblical truths and examples and releasing them to evangelise and impact their local communities. He engages with all denominations, working with local leaders to empower their congregations to advance evangelism in their towns and cities, to bring about revival.

Luke lives in Yorkshire, UK with his wife Nicola and their four children.
