April 5-9, 2020

*A very meaningful week where students  
grow in their faith by serving others in need!*

-A very poor county, needing a lot of Christ's love & encouragement! Snowbird Mission Outreach heads up this project.

by February, 3**

**Final \$250 due  
by March 18**

## **What we will be doing:**

Repairing houses of low income families in need.  
Getting to know & minister to the residents,  
encouraging them with the love of Jesus.

Evening gatherings of worship, in-depth Bible  
study, fun & Christ-centered fellowship!

## *PROFOUND & INCREDIBLE:*

- Teenagers spending their spring break helping others, doing the very thing Jesus calls us to in the Bible; to be like Him in serving others!
- Student after student coming to a deeper understanding of who Jesus has called them to be and what He has called them to do!
- Students consistently coming home with a closer walk with the Lord and a new and greater desire to serve others at home!

*We highly encourage all of our youth to go and serve on a  
mission trip at least one time in their high school years!!*
