- Focus:** The Access we have to the God of the Universe through the Power of Prayer and the impact this can make in our lives!

It's a weekend event produced by Christ In Youth, an organization that has been putting together age-intentional events all over the world for almost 50 years. It takes place in a large auditorium, where your child will worship alongside tons of other students their age. It's literally an experience they'll get nowhere else. It's also one of the safest and most well-organized events for students in the country!

The cost will cover the event, breakfast on Saturday and transportation. Your child will need to bring a sack dinner on Friday for the ride over and money for lunch on Saturday as well as for t-shirts and other swag they may want to purchase.

We're excited about **BELIEVE** and the amazing experiences we'll have over this weekend. If you have any more questions, please feel free to email or call.

In Christ,

**Steve Brooks & Anne Beyer**, Hillside Student Ministry
