Membership / 2020 & Moving Forward – Andy & Tina

Tina explained the process of the membership cleanse and why it is very important. All churches should be the number they are each week and do the process yearly during charge conference. Hillside has come a very long way in this three-year process and vetted it correctly with spreadsheets of material along the way. We would like to thank all that helped in this process, as it was very time consuming. Moving forward churches will have a very hard time tracking attendance as items like attendance pads are longer passed and online check in is very sparce. Since online worship is very active, we will track those numbers weekly moving forward to keep attendance as accurate as possible in numbers alone.
