

## Celebration and Progress

Wow! We cannot begin to describe all of the incredible things God has been doing here in Amsterdam. We recently celebrated the first anniversary of Grace Church Amsterdam. Our church family is growing, people have been baptized and we recently had the highest attended Sunday in the history of our church! More than numerical growth, God has been producing spiritual growth in the hearts of our church members. There is a hunger for God's Word and to live life in light of it!

As our church family grows so does our opportunity to connect with more people in our city and also serve each other. Our next step is training more leaders to oversee various ministries and groups within the church. Please pray that we will equip people well and that they will have servant hearts as they lead. Also be in prayer for several unsaved people who have recently attended our church or are connected to some of our church members. God is at work in their hearts, and we pray that they will soon know Jesus!

This is a recent picture of a Sunday service where we had the highest attendance in the history of our church. People from 14 countries and 5 different continents joined us for worship!

This was taken at the lunch celebration of the 1st Anniversary of Grace Church Amsterdam. We are so thankful for all God has done in our young church, and look forward to the future!

## Support Through Prayer

- Pray for our church members who will be encouraged and equipped in leading various ministries.
- Pray for our friends who are not yet Christians, as we share the gospel with them.
- Pray for continued spiritual and numerical growth in the Grace Church family.
