“My husband and I started attending Hope Fellowship a few years back, and my stepdaughter absolutely loves this church. Long story short, she had to move back in with her mother out of state, a strong atheist who was not a fan of us taking the kids to church. My stepdaughter was able to continue watching on her iPad because of Hope Kids online. Fast forward some time, her mother agreed to take the whole family to church in person! I just wanted you to know the impact that your online church for kids is having on not only kids, but entire families.”

“Without Seeds of Hope I don't know how I would be able to get my fill each weekend. It's just so incredible to have a place to worship each week where I know my boy is truly being loved and invested in while I focus on getting my fill. It's just a feeling I can't express accurately and brings tears to my eyes.”

“I got baptized last year and now my mom is getting baptized! When I joined Hope she decided to go ahead and start watching from home around the same time that she was diagnosed with breast cancer and lung cancer. She absolutely loves Hope and Pastor John so much and I am so happy that she has found her church and faith and is now able to know God and know that there's a place waiting for her when she's no longer with me.”

We launched our very first Online campus group! Our Online Campus Pastor, Mary Solis, has worked so hard to create community in the Online campus and this is a huge step to help them connect. It is a common interest group, all virtual, and the leader lives out of state.
