

# Walking with Jesus

## John's Gospel: Term One 2020

### The Aim of the Unit

In this Unit of Study 'Walking with Jesus through John's Gospel' considering Jesus' private life. We will explore how Jesus taught His own to think and live their daily lives. This way of life is how Christ-followers are to live where we have already sent by God to relate to others.

So, what does it mean to live as Christ told us to live? Well, that was something that the first Christ-followers learnt by walking and living with Jesus. So, we will do the same as we read through John's gospel together. We will listen to what the Holy Spirit is saying to us today, through this gospel.

Our approach will be one of studying, reading, class discussion and interaction, practical application and response. This Unit of Study aims to explain what it means to walk and live with Jesus daily. One of our primary goals is to "Develop a pathway for discipling, connecting and equipping for daily life and understanding the Truth about God". Ask yourself if you are fluent in your daily walk and life with Jesus.
