

- Missionary Candidate Guidelines of Cornerstone Baptist Church -

OUR OBJECTIVE:

Cornerstone Baptist Church is endeavoring to reach the lost, both at home and abroad, with the Gospel of Jesus Christ. Our goal is to see souls saved, disciplined, and made functioning members of the church. As God calls and directs, we will commission, support, and send forth others to the fields that are ripe unto harvest. It is our sincere desire to be completely supportive of our missionaries and their ministries. We consider our supported missionaries a vital part and extension of our church family, ministry, and purpose as an independent Baptist church.

OUR GUIDELINES:

- We will support only those missionaries who have given a clear testimony to the fact of their eternal salvation through faith in the finished work of Christ; their baptism by immersion after salvation, and their current and continued membership in an independent, Bible-believing, Baptist church.
- We will support only full-time missionaries that have some local church ministry experience and have been ordained by the confirming call of their local church.
- We will support only those missionaries who are in agreement with our doctrines, policies, and purpose at Cornerstone Baptist Church.
- We will support only those missionaries who are presently active in leading others to Christ and discipling converts.
- We will support only those missionaries whose purpose, plan, and call of God is to follow the Biblical Pattern of church planting, church building and soul-winning.
- We will support only those missionaries who have received proper Bible instruction and missionary training for the endeavor for which they pursue.
- We will support only those missionaries who are working with a mission board and/or sending and commissioning church of like faith and practice.
- We will support only those missionaries who have been carefully examined in regard to these statements.
