

Why Use Realm Connect App

Messages

Connect Like Never Before

Messages makes it easy for you to get in touch with people in your church. You can quickly communicate with members of a group or start conversations with one person or multiple people—just by searching for them by name. When you send a message, people will be notified by the app and can respond right away.

Why Use Realm Connect App

Posts

Share Life Together

Life happens between Sundays. The news screen contains a personalized feed of posts, photos, and events from the groups you're in. People in your church will see messages from their group leaders and other group members. They can respond with comments or showing their support by tapping on the heart. People can share something with their group by posting a message, uploading a photo, or inviting people to an event.

Why Use Realm Connect App

Church News

Keep People in the Loop

Communicate what's happening across your church—anytime. You can browse through the app to read church-wide posts, check out upcoming church events, and more. You can double-check your group meeting schedule or find another opportunity to participate in church events. Whatever's going on, it's all right there in the palm of your hand.

Why Use Realm Connect App

Directory

Look People Up

Good news! Everyone can recycle their outdated directory now. The next time you need to look someone up, you can pull out your phone and search for them in the Realm app. You can also browse through the list of your entire church and look up someone's family members. And similar rules apply from your printed directory—people can opt out of being listed if that's their preference. It's a great way to put names to faces and learn more about the people in your church.

Why Use Realm Connect App

Events

Capture RSVPs to Events

Know who will be there (and what they'll bring).

Open up the app to get details about an upcoming event and see who has RSVP-ed. As part of your response, you can note any number of guests or items you have signed up to bring. You can also register for events that requires payment, like a youth camp or adult retreat. Your church family can see who else is coming and post comments about the event.

Why Use Realm Connect App

Profiles

Self-maintained Profiles

Can we get an "Amen?" Yay, no more bottlenecks! Realm gives you the ability to keep your own family information and photos current. It's super simple and a great way to start off using the app. You can set your own preferences about who else—besides staff—can see your information. You can make contact information visible to anyone in the church or restrict it to people in your groups, your group leaders, or just the church staff.

Why Use Realm Connect App

Communications

Contact People

Connect with those who need it most. Realm's mobile app makes possible to go one step beyond looking information up. When you find the person you want to contact, you can simply tap on his or her contact information to initiate contact immediately, whether that's a phone call, a text or an email. It's super convenient and you don't have to try to memorize phone numbers and email addresses.
