

## Getting Together Guidelines

- Household members must sit together.
  - Chairs will be set up 6' apart (approximately three empty seats).
  - Your attendance implies you understand and agree that risks are involved in returning to worship, have not had known contact with anyone with a confirmed COVID-19 diagnosis in the past 14 days, you're not ill in anyway, you will wear a mask, and agree to comply with requested guidelines.
1. CBV will require masks to be worn at all times including upon entering and exiting the building. Masks will be provided if you arrive without one.
  2. If you are immune compromised or at risk due to age, we invite you to watch the service online.
  3. We're excited to get together, but please refrain from hugs, handshakes, and high fives.

We're following CDC guidelines and ask that you join us in making this the safest environment for everyone attending. Please be patient with one another and with our Calvary volunteers. We can't wait to gather as a family once again and worship our Savior!
