HOME SWEET HOME Sharing our lives

Beloved partner in prayer,
Grace and Peace in the name of Jesus!

As a missionary family serving in the Amazon we have many reasons to be thankful to God. He is providing all our needs in the ministry and in personal life.

Now, after a long and difficult missionary trip for research we are back home to rest for a couple of days.

We left Labrea thorough Purus river and navigated all the way to Solimões river, and after that, to Juruá river to arrive at Cruzeiro do Sul at Acre state.

We left our home on February 14th to prepare the boat for this huge trip - probably the biggest challenge we have ever faced in our missionary journey.

For this tripe, we attached the two boats. It was more than 4 thousand kilometers (2485,485 miles) also through the Red Zone of Solimões where is known for having pirates and robbers. God was with us, His angels camps around us and by His grace nothing bad happened to us, however, we experimented fear and psychological pressure by the situation.

Now we are happy and at home, and we can share with you all of these experiences so you can also have a feeling and embrace this journey with us.

Thank You so much for staying with us in this missionary boat. Lets keep together for the kingdom.

May the Lord in grace sustain us and keep us focused and faithful in Him and for Him.
Because all the Glory belongs to Him!

Come with us!
