

“Family Matters”

with Dr. Daniel & Cassie Dickard

DESCRIPTION:

Raising a family in this cultural moment is downright difficult. Though the age-old problem of human sin can be traced to Adam and Eve in the Garden of Eden, the proliferation and complexity of sin in the modern era creates unique challenges for parents and grandparents. In Family Matters, Pastor Daniel Dickard and his wife, Cassie Dickard, will help parents and grandparents identify common cultural lies and how to navigate them from a biblical perspective. Key issues including: pornography, same sex attraction, gender identity, progressivism, marxism, new-age spirituality, and moral relativism. Each session will include a time of teaching followed by weekly Q&As with Pastor Daniel and Cassie.
