

FABC Kids Health Screening

Name: _____

Date: _____ Temperature: _____

Please do not enter if you have been exposed to Covid-19 or are showing symptoms of fever, chills, shortness of breath, difficulty breathing new cough, or new loss of taste or smell.

1. Have you or any of the children you are dropping off had close contact (within 6ft for at least 15 minutes) in the last 14 days with someone with symptoms of Covid-19, or has any health department or health care provider been in contact with you and advised you to quarantine? YES or NO

YES - The child should not be on campus. The child can return 14 days after the last time he/she had contact with someone with Covid-19, or as listed below.

2. Do you or do any of the children you are dropping off have any of these symptoms? YES or NO

Fever

Chills

Shortness of breath or difficulty breathing

New cough

New loss of taste or smell

If an individual has any of these symptoms, they should go home, stay away from other people, and the family member should call the child's health care provider. Household members should quarantine for 14 days from the last exposure, unless the symptomatic person is cleared as a result of a negative test for Covid-19.

3. Since they were last at the church, have you or any of the children you are dropping off been diagnosed with Covid-19? YES or NO

YES - If a person is diagnosed with Covid-19 based on a test or their symptoms, they should not be at church and should stay home until they meet the criteria below.

A person can return to church when they can answer YES to ALL three questions:

1. Has it been at least 10 days since the symptoms first appeared?
2. Has it been at least 24 hours since the person had a fever (without using a fever reducing medicine)?
3. Has there been symptom improvement. Including cough and shortness of breath.

Once the criteria above are met, it is not necessary to require a negative Covid-19 test in order to return to church.
