

Guidelines for the Proclamation Prayer Email Chain

- ❖ The Proclamation Prayer email chain is to be used by and for Proclamation Members and Regular Attenders only. The prayer chain is private and ought not to be shared with those outside the congregation or immediate family.
- ❖ Anyone in the congregation may submit a prayer request. You may ask for prayer for yourself or on behalf of someone else. If you are asking on behalf of someone else, remember to get their consent before sharing their request or personal details.
- ❖ Any prayer submitted will be sent to those who subscribe to receive them, not the whole congregation.
- ❖ The prayer chain should be used for prayer requests, praises, and answers to prayer. It is not intended for announcements, news articles, personal or political opinions, fundraising requests, or specific sin struggles that would be inappropriate for others to see.
- ❖ Prayers will be filtered by a Proclamation staff member. Any emails that potentially violate the guidelines will not be shared with the other recipients.
