Hello
NEW
YEAR

DEAR COU COMMUNITY,

Welcome to 2021! I join with you in releasing all the challenges of 2020 recognizing there is light at the door. While we begin this new year with renewed hope, there is still work to be done before we can step beyond this pandemic.

To support us in navigating this between time, our Sunday series will focus on spiritual steps we can take to move gracefully through all the big changes that show up in our lives. The series is based on the book, "Hell in the Hallway, Light at the Door" by Rev. Ellen Debenport. You can purchase the book through Amazon or call the church and we can order it for you.

To support our community in a deeper exploration of these practices, we are offering Caring Circles, small groups that offer support and connection with others going through their own hallway experiences. You can sign up for a group by simply clicking in the section about Caring Circles below.

Together, we will walk through the next door of becoming as Center of Unity, having received tremendous growth and renewal.

With anticipation and love,

Rev. Linda

P.S Make a plan to take advantage of another great opportunity to expand your spiritual toolbox with the Non Violent Communication workshops being offered in January and February. Check out all the details in this Newsletter and the weekly Enews.

5 WEEK SERIES – HELL IN THE HALLWAY, LIGHT AT THE DOOR

BASED ON THE BOOK BY REV. ELLEN DEBENPORT

The hallway is that place between jobs, between relationships, after a death or divorce – whenever life as you know it has changed, and you don't know what's coming next. No matter how difficult or painful, the hallway can be a place of tremendous inner growth and renewal. In this series, we will discover the spiritual steps to move through transition and create what we want behind the next door.

Deepen your experience of this series by joining a Caring Circles group and gather virtually each week to explore the previous Sunday topic and support each other.

the Center for Nonviolent Communication

Each of us, in every moment we are together, impacts the community to which we are integral whether we are conscious of it or not. Each of us is responsible for the health and vitality of the community, and the fulfillment of our shared purpose. Let's explore the shared purpose together.

This workshop aims to give the Center of Unity tools to communicate while taking an inventory of your existing relationships, mourning and celebrating those relationships that have ended, and ways of creating new, lasting relationships. We will work as a community to explore our individual and collective power, look at the value of agreements, how to make and break agreements with care, and communicate in a needs-based way. Come prepared to learn, practice, and have courageous conversations with compassionate communication.

2021 BOARD CANDIDATES

meet phyllis lantvit

Phyllis Lantvit began attending Center of Unity in 2012 and has been a member since 2013. She has volunteered since she began attending, and has served in many capacities, including ushering, serving on the Care Team, and volunteering whenever needed, often setting up for and cleaning up after, potlucks. Of these, Phyllis feels that serving on the Care Team has been the most rewarding, saying she has been spiritually changed by praying with people in need of prayer.

Phyllis brings previous board experience, having served as secretary, president, and vice-president for the Senior Center in Flower Mound. In addition, she has experience as a Montessori teacher, dealing with the children and

parents on a day to day basis. Phyllis's strong background in working as a team is one of the gifts she would bring to our Board of Directors if elected. Passionate about Unity Principles, Phyllis says they're what drew her here, and that those principles are what our church is built around.

A project she would like to embrace is to be part of creating a gathering place on our outside property, saying a pavilion for rental to families and other groups, or use as a sporting area, would be ideal.

Phyllis is married to Harry Lantvit, former board Treasurer. She and Harry Live in Flower Mound.

meet kenny green

Kenny Green began attending Center of Unity in 2014 and became a member in 2015. He served as our Volunteer Coordinator for some time, and has volunteered himself for many positions, including serving on the Board of Directors - this year as President. Board service is the one Kenny feels has been most rewarding, saying it has helped him become a better listener, a better leader, and a better person.

The area of Communications is high on Kenny's list of what he'd like to bring to the board and to the church, and he feels that good communication between board members, the board and staff, the

board and the congregation lead to a healthy spiritual community. His areas of interest, should he be elected to another three years, would be a focus on communications and education.

He sees Unity as a religion and a way of life and is committed to Unity principles, and to living them.

Kenny enjoys spending time with his family, doing voice-over work, and gardening during his time away from church.

ANNUAL MEMBERSHIP MEETING SUNDAY, JANUARY 10 1:00 PM

The nominating committee, GiGi Johnson, Susan Spradlin, Juneria Berges and Sharon Crowder, recently conducted interviews and have determined that 2 of the 4 applicants were qualified.

The congregation will meet virtually and vote at the Annual Meeting on January 10 at 1:00 pm. Due to COVID, there will not be an in-person Annual Meeting this year. (Zoom 889 785 630 52)

A portion of the meeting will be dedicated to the election of 2 new Board Members. In addition to the 2 candidates, floor nominations of qualified candidates will be accepted as well.

Tree of Life

The Tree of Life saw minimal activity during 2020. Now is a great time to pick up some momentum as we begin a new year and watch the Tree grow with your purchase of a plaque. We accept card payments as well as installment payments, so it couldn't be easier to honor a special person, event, or group. And remember, the funds generated from each plaque go into our building fund for repairs and enhancements to our spiritual home.

Wishing you every joy in the New Year!

COMMITTED GIVING

As we begin a new year, we'd like to encourage you to sign up for our Committed Giving Program. This program allows you to continue sending your tithes, gifts, and love offerings even when we are not together physically. Our committed givers

help us budget the expenses for the church but they also allow us to continue to serve our spiritual family and our community. Committed giving is especially important during this time when we can't be together in a building each week.

You can request any amount to be deducted using your credit or debit card, or you can set up regular giving through our website. Join us in this program by calling the office to let us know what amount you'd like to contribute, how often, and on what day of the month.

With gratitude from the Financial Committee

LABYRINTH

As you begin your new year, consider all the tools you have at hand for getting clarity around where you want to lead 2021 in your life. Prayer, meditation, magazine articles on 'resolutions', advice from Deepak Chopra, Oprah, and others. You also have one of the best meditation tools right here, literally in our own back yard; our labyrinth.

As you slowly walk the path, holding in mind a spiritual intention of receiving thoughts of those things you'll welcome in your life this year, a feeling of peace and contentment will accompany you, and by the time you've walked, and stood in the center for a bit, you might just find that you have a clearer idea of where you want to be in this fresh, new year! Try it! You'll like it!

Be Happy. Go For A

GOOD WALK

Studies have shown that happy people:

- Exercise regularly,
- Get sunshine and fresh air,
- Express gratitude.

A Good Walk includes all of these things! It's a great activity to do by yourself, with family, friends, partners or your team at work. It doesn't require any special equipment and is based on scientific research. What's more, it doesn't cost anything and it's also a good way to turn a bad day around!

To go for a Good Walk simply: walk outdoors gratefully.

WALK

Start by going for a walk.

Research published in the Journal of Health Psychology showed that in a study of 400 people, exercising for just 7 minutes a day made them more relaxed, improved their brainpower, and made them feel better about themselves.

Studies from both the University of Colorado and the University of Utah found that a 30 minute walk a day can reduce the symptoms of depression by 36%.

OUTDOORS

Go outside in the sunlight and fresh air.

The University of Sussex conducted research with 20,000 people in England and discovered that spending 20 minutes outside in good weather contributed the most to a person's good mood.

A study at Scripps College in California found that a 10 minute walk outside can boost a person's mood for 2 hours.

The same study found that people who fit 10 minutes of activity in to their day think better, remember better and have better reaction times.

GRATEFULLY

Take time to express gratitude.

A controlled study at the University of Pennsylvania found that people who expressed gratitude showed an immediate increase in their happiness scores. And what's more the effects lasted for up to a month.

Researchers at Michigan State University found that people who cultivated positive thoughts by focusing on good things were more engaged in their work and had measurably better moods.

Self-Connection the Nonviolent Way

SATURDAY, JANUARY 30

9:00 AM - 12:00 PM

Facilitated by Karen Starz, MA

The key to showing up and being available for others is to come resourced. Yet, how do we resource ourselves? We will explore and practice self-connection methods that can be done in as little as five minutes, or over time with greater commitment. This exploratory workshop will allow you to go at your own pace with your own choice around how deep you are willing and able to go. Our focus will be on self-responsibility and living a blame-free life. I hope you can join your community in this one-day event!

With the new year upon us, there is a sense of excitement to get out from under the shadow of 2020. One gets the sense that January 1st 2021 was an escape hatch from the past year of unthinkable change. Yes, there has been loss on many levels, but there has also been gain. In 2021, we look forward to a growing congregation at Center of Unity, while nurturing the members that we've been so fortunate to have as part of Unity's legacy. We look forward to inspiring spiritual growth and educa-

As we roll over into the second year of this decade, many of us are confronted with an unparalleled level of suspense. Many of us have mixed feelings. After all, 2020 came in like a lamb but soon turned into a ravenous beast. We want to be hopeful; as we should be. At the same time, many people want to be practical and steel themselves for the possibility of things getting worse before they get better.

According to Britannica.com, Theodore Parker was a nineteenth century American transcendentalist who was a reforming minister of the Unitarian church. He was also a vocal aboli-

I think that we can interchange the word, "justice" with hope, progress, abundance, joy, love, peace and stability.
