#### Family Discussion

- What stood out to you the most from the message? What's one thing you learned?
- Why do you think it was hard to *not* do the instructions on today's activity while they were being read? *Ideas: It can be hard to tell yourself to stop and read all the instructions first when you're trying to win a race.*
- Read **Proverbs 14:16**. What are some things you can do to slow yourself down and think when you'd rather rush in and say or do something right away?
- Think about HALT. Which one of these things most often leads you to rush in and make a foolish choice: when you're hungry, angry, lonely, or tired? *Encourage students to share freely. You might break the ice with an age-appropriate story of a time you made a foolish choice due to one of these common struggles.*
- Pray together. Pray that they would learn to stop before they rush in and would have patience as they wait for the time to be right for them to do everything God's planning for them. Pray they would learn to hear and follow God's voice above all others.
