

## PARENT HEALTH PROTOCOL AGREEMENT

Listed below are the state/local COVID safety measures that Learning Planet is following for the Fall session.

### Cleaning and Disinfecting

- All classrooms will be cleaned and sanitized before school and while students are out of the classroom.
- Teachers will disinfect surfaces that are touched frequently (such as door knobs and tables).

### Health Screenings and Monitoring

Learning Planet staff will check students for symptoms each day. This will include temperature checks. If someone gets sick, we have a process in place for isolating them, reporting exposures, and returning to school.

Students and school staff will stay home if they are sick.

### Your Child May Attend School Under These Circumstances:

- Child has been fever/symptom free for 14 consecutive days
- Household members have been fever/symptom free for 14 consecutive days.

### Face Coverings

- All staff will wear face coverings.
- Students and parents must wear masks at drop off and pickup (**students and family members 2ys and under no mask required**).
- Students throughout the day will be encouraged to wear masks.

## **Class Size**

Learning planet will be following the stricter guidance from our local public health department for group size requirements. Students and teachers will stay together and not intermingle with other classes throughout the day. Teachers will provide 6ft distance while in class and encourage refraining from hugging or sitting near one another, but the nature of children makes it almost impossible to keep them always 6ft apart.

## **Parent Drop Off and Pick Up**

- Students will be signed in and out at designated outside areas.
- Temperature checks will be done each morning at drop off.
- Students will be walked to class by a LP staff member.
- At this time tuition payments will only be accepted at drop off or by mail.
- At pickup you will have an opportunity to discuss any concerns with your child's teacher.

**PARENT HEALTH  
PROTOCOL AGREEMENT**
