

Revised COVID protocols for MDO
Summer 2021 and 2021-2022 School program

1. We will continue limiting who comes into the building. All students will be dropped off in the car rider line and temperatures checked before entering. If they are running a temp or exhibiting any symptoms of COVID-19, they will not be able to attend that day. We will also offer hand sanitizer on arrival to each child before entering. If you need to drop off past 9:20, come to the side door and we will meet you there to temperature screen and take your child to their class.
2. Pick up will be done through car rider line as well. If you need to pick up your child early, please come to the side door and we will bring you the sign out sheet and bring your child to you.
3. Any areas or toys that multiple classes use will be cleaned and disinfected by our school's custodian in between uses.
4. We will be encouraging hand washing multiple times a day with soap and water and also providing a safe hand sanitizer for all our students.
5. Teachers will clean and disinfect frequently touched surfaces throughout the day.
6. Students school supplies will be kept separate.
7. In the result of a staff member or child being known to have tested positive for COVID-19, we will immediately notify those in the classroom and in direct contact and close the class down for the recommended amount of days to make sure to stop the spread.
8. For right now, we will still not be allowing parents to come for class parties, but will try and post a lot of pictures so you can see the fun the children are having.
9. Masks will NOT be required to be worn by students or staff.
