

**Hello Community Youth,**

As you know, we recently announced that CYC 2021 was canceled due to COVID. We are excited to follow that announcement with exciting news--we will be attending Impact Camp in place of CYC! We are so excited to see what God will do with this new plan.

The first year we attended CYC, God laid it on our hearts that 50 students would attend. All season long, behind the scenes, we were chanting "For the 50". Our goal was reached and in 2018 we took 50 students and 9 leaders with us to CYC. In 2019, God told us to believe for 75 students to attend camp. God reminded us that year that He always exceeds our greatest expectations, and 76 students and 17 leaders attended.

This year as we asked God for a number of students to believe for, He told us to focus on Him, not on the chaos and fear surrounding this world. With our eyes on God this year we are anticipating **100 students and 20 leaders**.

We won't lie, this number is intimidating. Especially when considering the state of the world around us right now. While we have no idea what the summer of 2021 will look like, we know God does. God has never failed us and we know He will continue to be faithful.

Lastly, we don't want you to come to Impact 2021 empty-handed. We encourage students to pray about at least one person who has never attended camp before who may like to attend. This person could be anyone from a best friend or a classmate. Encourage your student to pursue that person. They can help them sign up, take them to fundraisers, or even talk to their family about them coming. It might seem a little awkward inviting someone to come, especially if they don't normally go to church, but as we prepare for camp have your student ask God to remind them of what He has done in their life through Youth Camp and ways to share their experiences.

We are ready to make this the best year yet as we see Jesus continue to change our lives! We are so excited to see what God is going to do through Impact 2021 and we can't wait to party with 120 of our favorite people during our favorite week.
