

Dear JCC family,  
What a strange time we're going through! Thank you so much for your prayers as the pastors, staff and our church board deal with unprecedented decisions regarding the extremely important issues of worshipping the Lord as the church and protecting the health of our congregation and community.

We will be holding services once again at 8:30am and 10:30am.

As much as we'd like for our services to be just like they were before this crisis, that isn't possible just yet. There will be a number of guidelines set in place that we will be following as we meet each Sunday. These guidelines for resuming our on-campus meetings are in compliance with county and state recommendations. As you read through them, please realize that these guidelines will not be set in stone forever. We pray that we can lessen our restrictions over the upcoming weeks.

- We will have a 25 percent of maximum occupancy capacity in the sanctuary. Downstairs in KidsWorld, we will have overflow seating with the live stream on multiple screens.

- Six-foot social distancing should be practiced while on church campus.
- Face coverings required inside at all times.
- There will be no KidsWorld or nursery, and family units will sit with each other.  
Children need to remain with family at all times.

- The service will include announcements, prayer, Scripture reading, and a sermon. It will be about an hour in length (shorter than our normal services). There won't be live worship.

- Attendees will need to self-screen at home regarding COVID-19 symptoms. If you answer yes to any of these questions, you will need to stay home and watch the live stream. The three questions for self-screening are:

1. Currently or in the past 24 hours, have you had a cough, shortness of breath, or fever of 100 or higher?

2. have you traveled internationally or outside of the state in the last 14 days?

3. Have you had any close contact in the last 14 days with someone with a diagnosis of COVID-19?

· No hugging and hand-shaking (we know this will be hard!).
