First Image

first-image.org

First Image has been working to live out God's heart to renew his image in the lives of those that have been impacted by sexual brokenness and abortion for over 30 years. They believe that God's people are at their best when they respond with compassion toward those who are vulnerable, voiceless, or misled. God has called them to serve unsupported women in our city facing unplanned pregnancies, the children they carry, students who are in desperate need of transformation in their relationships and sexuality, and men and women burdened by the pain of past abortion.

The Family Room

familyroomoregon.org

The Family Room is a ministry that works alongside DHS to care for children and families with children in foster care. Their vision is to provide a space for children living in foster care to have a relationship with their birth parents and increase the likelihood to be reunited with them. Their program model offers a homelike visitation space within the community and increases both the quantity and quality of supervised time families spend together.
