

Everyone has a story to share... and in the process of sharing it, let it point to Jesus. Your witness matters!

Invite someone to dinner... invite your neighbors to a cookout... invite your friends to church...

Let them see Christ in your life and share what His peace and grace and mercy and love has done for you in your every-day, walking around, working and playing life!

An eternity of separation from our Father hangs in the balance for those who have not met and accepted Jesus! Share your story!
