

SOUTH ATLANTIC CONFERENCE
of Seventh-day Adventists

Office
of the
President

March 19, 2020

Greetings to my South Atlantic Family:

During these dangerous and difficult times, as our nation, yea the entire world, struggles to contain the coronavirus pandemic, clear and accurate information is vital. I, along with my fellow administrators, commit ourselves to keeping up with the latest reports from the health community, from our government officials, and from our Division and Union partners. Our decisions on closings and schedule changes will be governed by this information.

All official correspondence regarding this crisis and how it affects South Atlantic Conference will come from **the Office of the President** and will be posted on our website, sacsda.org and on our **South Atlantic facebook** page.

Remember, this too shall pass. We will be fine. We are in God's hands.

The Lord's return is fast approaching. Be watchful and prayerful.

God bless.

Sincerely,

William L. Winston
Elder W. L. Winston

President
