## *Welcome note from Pastor Philip*

We know that living the Christian life is so much more than simply attending a weekend service. Real life happens outside the walls of the church.

Life groups are a way to connect yourself with others who will help you on your walk with God. No matter where we are in our journey, it is always a bit easier if we are living life with a group of friends.

In times of need and in times of fun, Life Groups are your source of friendship and support. They are your key to developing connections with those who share your interests or people who are dealing with similar life issues. That is why I encourage every person to dive into a Life group.

I am so excited about the possibilities for every person to be connected to a Life group. I hope this directory will help each of you find a place to share life together. Take the time to become a part of what God is doing at CJCLife community church. You will not regret it!

God Bless You!

"Strength for Men, solutions for Women. Even strong men struggle."

This study is about strong men who have struggled their way through tough times. It is about understanding a man's relationship with himself, with time and with his father. It is also about understanding relationships with other men, relationship with his woman, his children and with God. During times of struggle, you may have experience the silent scream of your own soul! It is time to get real with yourself if you want to live life as God intended for you to live. It's what you were created for and who you long to be!
