

# LIFE GROUP

**SPRING 2019**

**DIRECTORY**

**FEBRUARY 25-APRIL 28**

# Welcome note from Pastor Philip

We know that living the Christian life is so much more than simply attending a weekend service. Real life happens outside the walls of the church.

Life groups are a way to connect yourself with others who will help you on your walk with God. No matter where we are in our journey, it is always a bit easier if we are living life with a group of friends.

In times of need and in times of fun, Life Groups are your source of friendship and support. They are your key to developing connections with those who share your interests or people who are dealing with similar life issues. That is why I encourage every person to dive into a Life group.

I am so excited about the possibilities for every person to be connected to a Life group. I hope this directory will help each of you find a place to share life together. Take the time to become a part of what God is doing at CJCLife community church. You will not regret it!

God Bless You!

"The disciple walks in the dust of the master." This common expression from the first century summarizes the focus of this study. Discipleship is nonnegotiable in Scripture. And the best way to learn how to walk with God is to walk in the dust of a master who himself walks with God. Using Jesus and Paul as examples, this study describes the biblical model of mentorship, provides a practical strategy

for starting a mentoring relationship and process, addresses common challenges in mentoring, and more.
