

ChristKids Preschool Registration

We still have space available for full time students in the Fall!!

NEW PROGRAM

PM ENRICHMENT 1PM to 5PM TWTH

We have a PM Enrichment Program that is geared toward those children who are not quite ready for kindergarten and need some help with socialization and focus.

Starting school with self-confidence and a love for learning makes all the difference in a child's educational career!

The afternoon class can also give parents an opportunity to work with older school-age children undisturbed or take care of chores and appointments that are a struggle with little ones in tow.
