

ADVICE TO CHAPTER OFFICERS

Thoughts on moving forward in your Fraternity

- You need strong alumni involvement
- Cultivate friendships with people in high places at the University
- Have a strong Jay board that is serious about not allowing hazing.
- Seek out people with the nationals that you could be friends with and maybe even invite one of them to help you with I week
- Police the pledges social media and challenge them on their behaviorand dont allow guys with questionable character to pledge your fraternity.
