**Peter pretended not to know Jesus just before Jesus died. But after He rose again, Jesus came to Peter and redeemed their relationship. What is your favorite part of what we heard today from The Big God Story? Interact with answers. Those are great thoughts!**

**Jesus loves each of us, and He will redeem our relationship with Him when we go the wrong way or forget about Him. Today we are going to spend some time celebrating the fact that Jesus is our Redeemer.** Pass out a sheet of construction paper to each child. Show the group the magazines and other supplies. Allow children to design their own placemats by drawing on the pages or cutting out letters and words from the magazines to express praise. When the placemats are complete, share snacks with the students as you allow them to show their placemats to the group.
