

EASTER CROSS

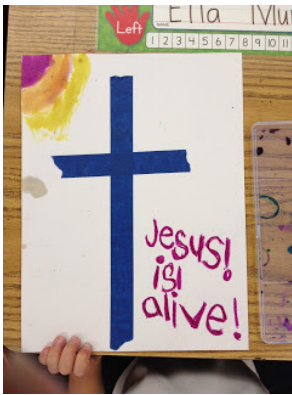

Supplies Needed:

- Construction Paper or Cardstock
- Painters Tape
- Crayons, White Crayon
- Watercolors or Markers

First place painter's tape on construction paper before starting the project.

Write in crayon "Jesus is alive" or draw other designs or scenes around your cross. If you use white crayon to write the words or draw the design it won't show up until after you use the watercolors or markers.

Use watercolors or markers all over the paper. Make it look like a colorful rainbow.

Wait for it to dry... Remove the tape
