

**Naaman craft (Sept lesson 4)**

**Ahead of time:** Copy onto paper or (preferably) cardstock. Cut out. Have wood popsicle sticks and paper or styrofoam cups with a hole in the bottom.

**During class:** Have the kids color the cups blue (carefully) and have them color Naaman, putting red spots or some other sign of sickness *only* on the sad Naaman side. When they are done coloring, fold Naaman in half, tape him to a craft stick, and the kids can pop him up and down – 6 times he comes up still sick, and the 7<sup>th</sup> time he comes up well.
