

TUITION

Program costs for the school year are assessed and divided into nine installments; tuition remains the same for all months regardless of holidays or absences.

The first (of nine) tuition installment is due by May 1, 2021 to reserve your child's space in the program for the upcoming year.

The remaining tuition installments are due on or before the first session of the month (September through April). There is no payment due in May, 2022. Once an installment is submitted, it is nonrefundable.

If multiple siblings attend our preschool during the same school year, there is a 25% discount for each additional child's tuition.
