Woodland Parents,

We are so excited to be introducing the idea of a prayer all to your child. We hope this is a resource your family can use to spark conversation and prayer in a new and fresh way. Below are a few ideas under each heading to get you started. Please encourage your family to expand on this list as you continue to pray over these areas as well as realizing areas where God has faithfully responded to your child's prayer.

With you in prayer,

Your Family Ministry Team

Ideas to get you started

My Class- Please pray for your teachers and their families, pray for the playground area to be safe, pray for kids to all listen and learn, pray that the family ministry programming work well together to teach God's word

My Church- Please pray for our staff, our building, our outreach projects to reach people who need God

My World- Please pray for our friends around the world that need help, that need a stable leader, and that need people to come see them to bring them Jesus

My Friends & Family- Please pray for our friends and family to love one another and love Jesus. Pray they stay safe and healthy. Help everyone to be kind and courageous and patient and put others first.

My Community Helpers- Please pray for our first responders, pray for Covid to go away, pray for those helping the homeless and lost and hurting.
