

PRESCHOOL COVID-19 PROCEDURES

- 1 Upon arrival, each student will have their temperature taken. We will be using a contactless thermometer. We ask that you please remain 6 feet apart from the family directly in front or behind you. Parents will NOT be allowed to walk their child/children to class. We are so sorry for this. However, we are following the guidelines sent to us from the Joplin Health Department.
- 2 If someone in your family contracts COVID19, the student/students attending Joplin First Preschool is required to stay home for 14 days even if they do not test positive for COVID19.
- 3 Due to the age of our students, they will NOT be required to wear a mask. However, if you would like your child/children to wear a mask you are welcome to do so.
- 4 To avoid interaction in the hallway, music and chapel will be in their classroom.

We will continue to keep in contact with the Joplin Health Department and let you know of any changes in the procedures.

We thank you for your understanding during these times. We are truly excited to see our precious preschoolers and their families. We know that these are crazy times. However, we know that God is in control and that He will see us through this and everything! Take care and God's riches blessings on each of you!
