

Videographer

The Bible tells the story of Jesus. We need you to help tell that same story through video. As CEFC's videographer, you will be telling stories about what Christ is doing in the lives of people in our church as well as helping to spread the gospel to our community.

CEFC is a multi-site church in the greater Harrisburg area with our broadcast location in Carlisle, PA. Carlisle is a historic town known for its restored architecture and tree-lined streets once walked by George Washington. With mountains on the horizon, trout-filled streams, and the Appalachian Trail passing through, it is a great place to call home. If you are looking for big-city amenities, Harrisburg is just across the Susquehanna River. Philadelphia, Pittsburgh, Washington D.C., Baltimore, and New York City are all within easy driving distance.
