

Northwest Fellowship Small and Mighty KiDS and parents

We love you guys so much and we are so thankful for you!! We know that 2020 has been a crazy year but our God is so good and faithful!

We told you guys at the end of our series in November that we would have something really fun for this upcoming year, and we are so excited to say that we are going to be reading through the book of Genesis in January! Now, don't be afraid when you hear this! We have broken up the book into readings for 6 days out of the week, so there's not too much reading every day and there's a catch up day if you need it :).

In addition, we will be releasing not one but TWO videos per week on Tuesdays and Fridays!! In these videos, we will be using curriculum from our beloved and talented and gracious Grant and Nikki Carroll to highlight some of the major stories from Genesis!

We believe that the Word of God is our sword that we use to fight our spiritual battle against the enemy, and how can we fight with the word if we don't know it? So our goal this year is to know God's word better this year!

We love you guys so much and we are so excited and hopeful for what God will do this year!

-Noah and Lilly Scibana
