

Preschool programming for birth - kindergarten is available during both worship times on Sunday morning at 9:15 am and 10:45 am. This allows parents the opportunity to attend both worship and get plugged into a community group. During both sessions, we use curriculum from Orange because it combines child development and theology to help us to create a comprehensive preschool ministry scope and sequence for every preschool phase.

9:15 - 10:15 Sunday School: Our preschool leaders are a team of dedicated volunteers who will show up each Sunday to focus on relationships, learning and fun.

10:15 - 10:45 TEAM TRANSITION: Preschoolers remain in their classrooms while the classroom teachers transition out of the classrooms. During this time, responsibility will be transferred to a member of our trained early childhood staff. Several adult volunteers will provide additional supervision.

10:45 - 12:00: FIRST LOOK: Preschoolers will enjoy a developmentally age-appropriate experience that will leave them wanting to come back the following Sunday. In addition to Bible-based learning activities, children will enjoy a 20-minute session of outdoor learning on the playground.
