15 QUALITIES BY AGE 15

We prepare an artist rendering of building projects, churches, corporate offices and magnificent buildings. We must as well do an artist rendering of what we want our family and children to look like. As a family with core values we can provide the colors of this masterpiece by establishing clear character qualities for our children. The following is a list of examples of 15 qualities by 15 and 20 qualities by age 20 designed by the Gunn Family. Clear expectations can go along way in good communication in families.
