Chapter Seven: Life With Faith**

1. In your own words, please explain Nouwen's statement on page 120, "I can only fly freely when I know there is a catcher to catch me." How does the author relate this to the issue of trust?
2. How do we overcome fear by surrendering control?
3. What fears do you personally struggle with? How can living the "with God" posture remove those fears?
4. According to the author, how does living "with" God bring us freedom? In what areas? Have you found that to be true? Are there areas in your life you still need to experience freedom in?
5. Discuss your thoughts on this chapter. What specifically ministered to you, challenged you, bothered you, or convicted you?
