## COVID-19 Plan of Action theStone Students

theStone Students has the mission of helping students know and grow in the love of Christ. In order to do that, we meet them where they are and build relationships with them to help them learn more about the love of Christ and dig deeper into His word. As we work towards this mission, safety is one of our top priorities.

In the season that we are in, we know that we sometimes need to make alterations that best meet the needs of all of our students.

For this reason, at this time, we will not be holding any more large group events (parent meetings, kickball games, etc) and will be utilizing Online Platforms and safer smaller groups for meeting and connecting. This will change and be updated when it is deemed a safe and appropriate time. With small groups, we also will work to maintain safety protocols by requiring leaders to meet with students in public places where there are people around or have at least 2 adults present.

Rest assured that our mission still stays the same and we continue to march forward with the resources God has given us.

Elder Chair Jerry Hale
