My Worship Notes (to use for spiritual growth this week)

But grow in the grace and knowledge of our Lord and Savior Jesus Christ. - 2 Peter 3:18a

Life rarely goes as planned

Reality always wins and some dreams will not come true

What do we do when our dreams can't come true?

Where is God?

What's the point?

Why even try?

David lost his world, but did not lose his confidence in God

It is always a mistake to base our faith on our dreams coming true.

The foundation of our faith is God's faithfulness to us.

Our story is not the end of the story.

In you, Lord my God, I put my trust. My hope is in your all day long.

My Next Steps:

- * I will allow God's Law to catch up with me
- * I will stop basing my confidence in God on whether my personal dreams come true
- * I will sign up for the online Bible study: He Chose the Nails

Prayer Requests for This Week

Joys

****A joyful update from the Swiecichowski's on their grandson, Charles:** Charles home with a renewed hope for a better quality of life. God is faithful! Don't know the new options yet, the team of doctors will meet. Thanks for prayers.
Jean Swiecichowski

****Pat Green will be 93 on Monday, March 1.**

****Aileen Nimmer will be 97 on March 5.**

****Muriel Neumann will be 95 on March 12.**

Since we can't celebrate in person with cake and ice cream, let's shower them cards!

Concerns:

****Beth Haskins requests more prayers for her sister, Sherry Barnet.** She is back in the hospital in Marshfield with more infection. She is supposed to have her gall bladder out, but they first have to figure out this infection.

****Sharon Banning requests prayers for her sister, Patricia,** who just lost her husband to a drowning accident, was rushed by ambulance to the hospital for emergency surgery. They did allow her out of the hospital for a couple of hours to say good-bye to her husband before he was cremated. She has a long road both physically and mentally.

****A request from Donna Rimple:** Continued prayers for Marion Hampton's coworker and our neighbor's Mom, Dawn. Dawn has been hospitalized since 1/31 and still has a long way to go. She's in an induced coma, on a ventilator, and still at 50% oxygen. She continues to make progress, but VERY slowly. Please pray for Dawn; the doctor's, nurses and staff who care for her; and for her family who can't be with her. Prayers for all suffering from COVID with illness, job losses, financial difficulties, and emotional issues.

****Please pray for Mark Poradek.** He is having extensive back surgery on Thursday (3/4) at St Vincent's hospital and would appreciate the prayers.

****A request from Chris Demeuse:** Prayers, please. My sister, her husband, daughter and son-in-law, who all live in the same house together, all have Covid. My sister and her husband are going to the Oconto Falls hospital this afternoon to receive anti-viral infusions because they have many underlying health risks.

Mom is much worse and may have to be moved to the Ming hospice facility very soon. Just having hospice in her assisted living facility is not enough because of the pandemic.

Thank you. Chris Demeuse
