

Dear Grace Kids Parent,

Listed below are the measures we're currently taking in Grace Kids to help keep your child(ren) safe during the COVID-19 pandemic:

- All volunteers and children will have their forehead temperature checked using a non-contact infrared thermometer before they check in. If the scanned temperature is at or above 100.4, the volunteer or child will not be permitted in the Grace Kids area and will be encouraged to go home.
- All Grace Kids volunteers will be required to wear face masks covering their nose and mouth.
- All children in preschool / kindergarten (Room 4) and older will be required to wear face masks covering their nose and mouth. If children do not comply with properly wearing a face mask, we will ask that they sit with you in the worship service.
- We will no longer give out snacks in class. If your child needs to eat, please feed them before dropping them off. (Beginning Sunday June 6th, 2021, we will provide a light snack between the 9:30am and 11:00am services for children attending Grace Kids both hours.)
- If we receive word that someone who recently either served in or attended Grace Kids tests positive for COVID-19, we will shut down that class for two weeks and contact parents immediately.

As you can see, we are doing our best to keep you and your family safe during the COVID-19 pandemic. We appreciate your flexibility and understanding as we may need to adjust and adapt these protocols to new government guidelines or restrictions issued in the coming months.

If you have any questions or concerns about the above Grace Kids protocols, please let me know.

Thank you.

Tom Bastress
Director of Children's Ministry
