

## YOUR FIRST TIME IN AGAPE KIDS

### WHERE DO I GO?

Agape Kids' auditorium is on the 2<sup>nd</sup> floor of the Family Life Center. Follow the parking lot signage, pull underneath the covered driveway, and walk your child in through the glass doors.

### HOW DO I REGISTER MY CHILD/CHECK IN?

On your first Sunday in Agape Kids, you will be asked for basic information about your child (name, DOB, and allergies) and contact information for you. Once registered they will receive a nametag and you will receive a security tag with a code that matches your child's nametag. You will then be shown to the classroom.

After service, your child will be ready for pick-up in the same space as the drop-off. You will be asked for the security tag to make sure it matches the child's nametag.

### WHO WILL BE TEACHING MY CHILD?

Every adult volunteer has had a Ministry Safe background screen and receives training for ministering to elementary-aged children. Our volunteers love God, and they love kids! Teens serve as classroom assistants with limited responsibilities.

### WHAT IF MY CHILD NEEDS ME DURING SERVICE?

We make every attempt to allow you to remain in service and your child to remain in his/her classroom. If your child should need you during service, the security code located on your child's nametag and your security tag will be displayed in red on the side screens in the sanctuary. A parent can return to the check-in station where a team leader will meet you to discuss the need.
