DAY 3

In order for you to share with people who are in need, first you need to see their need. Sometimes that means we have to get outside of our normal routines, meet people other than our regular friends and peers, and look for people who we can serve. Then again, sometimes people who need our help are right under our noses. But we'll never know if we aren't looking for ways to serve others, which often means we need to stop focusing on ourselves and what we want.

Take a dry erase marker and make a big  symbol on your bathroom mirror. Leave it up for a few days to remind yourself that sometimes you need to stop looking at yourself and what you need, and look for ways to serve others.

**KNOW** that you have to look at someone besides yourself to find ways you can serve others.

See how many ways you can serve others today using this list as a guide!
