

Calvary Family,

Our staff team has been engaged with the latest developments of the COVID-19 situation. We are prayerful, hopeful, planning and preparing in many different ways. Remember, we will always trust the Lord. As scripture commands, we will walk in faith and not allow fear to entangle us.

As we move forward we want you to be aware of a few adjustments we are making:

With the announcement from Louisiana's Governor John Bel Edwards closing public schools and banning gatherings of 250 or more, we have determined, after much prayer and medical advice, to move from physical meetings to online meetings beginning Sunday, March 15 until further notice. Fortunately through the benefit of technology we can stay connected as a church family. I believe its very important in this time of uncertainty that we continue to grow together, care for one another and be faithful witnesses to the world!

So please join us online this Sunday as we broadcast our worship service at 10:30AM. You'll find the service on our website under "Watch Live" and on our Facebook page. If you know of someone who can't view online please allow them to know we'll have DVDs of the service available by request. If you or someone else would like a DVD please email Leska Sparks at lsparks@calvaryshreveport.org

Our goal is that by next week we'll have additional online programming for our LifeGroups, Student Ministry & Children's Ministries. While this may be a different way of doing ministry, it might very well open up new doors for expanding God's Kingdom. Let's pray the Lord uses us in great ways in this time!

Your safety is important to us. We want everyone to stay healthy. We are encouraging everyone to take appropriate measures to stay healthy, especially those who are senior adults and medically compromised to catch the virus. During this time, we also call the entirety of the church to responsibly serve, love, and care for those in need.

We encourage you to stay connected to our church. While we will be taking a new approach to meeting together, we encourage you to stay connected to Calvary! Our various age group ministries will still strive to serve their areas during this time as best they can.

We will update you as we have more information. I'll see you Sunday on your television or computer.

Love you All!

Forward,

Pastor John Lary
