They have been blessed with their own Education and Activity Center across the street from Fricker Community Center in Downtown Pensacola. We are excited for the opportunity to partner and support this ministry in our local community.

INTO THE NEXT YEAR

LOOKING FORWARD

In 2021, our top priority is legacy. We believe that legacy is created when we build a church that is positioned to do great things after we are gone. In order to do that we have to be intentional now and invest in strategic areas. Right now, the greatest opportunity is space.

PERMANENCE

We are so thankful for the place we have called home over the last three years. The Upper Room at the Pensacola Beach Marina has served our family well and given us a place to call home. We are also thankful for the Beach Church. As the family grows and diversifies in age, we know a larger more permanent facility will be needed. We are looking for permanent facilities and office spaces.

MULTIPLICATION

We are thankful for the opportunity to not only invest in church plants every year but to also be the catalyst for new ones. Be looking out for opportunities to get involved and see God multiply who He is, and what He is doing at Upper Room Church! We believe there should be a life-giving church in every community.

Legacy can be defined in a question. What is going to live on after I am gone? We know in today's world, a person's lasting value is measured by succession.
