

**Lake on a Plate
Treasured Recipes Celebrating the Seasons at Lake Almanor**

Recipe Request Form

The Lake Lifestyle is amazing, focused on outdoors activities with family and friends gathering to enjoy the beauty of the Lake Almanor Basin. Much of this is done over shared meals so we are creating a cookbook to sell to our community and guests as a fundraiser for the Town Plaza in Chester. www.ourtownplaza.org.

We are seeking your favorite and most popular seasonal recipes to share your “seasonal recipes” (served in the Winter, Spring, Summer and Fall) that may have been handed down from generation to generation and/or are fan/family favorites. Along with the recipe, please include “the story”, i.e. perhaps the first time you cooked; who it came from; what holiday or occasion you serve. Anything that you think shares a memory of that recipe. Afterall, memories are what Lake Almanor is all about.

Thank you for your contribution and for being a part of our great community.

Your Submission:
