Why Do We Need the Impact Experience Resources?

Students CAN learn the Biblical skills for a vibrant relationship with God and committed relationships with others!

This generation CAN have life-changing encounters with Jesus. We just have to show them how.

This resource helps move from a culture of "doing church" to a genuine, life-giving community that's ready to BE the Church.

A collection of six-week courses for 5th - 12th grades.

All course components are contained in a convenient CD-Rom format. Download as many copies of the student handouts or leader's notes as needed!
